## PROFILE

Motivated and dedicated front-end developer with a passion for creating exceptional web applications. With a Bachelor's degree in Computer Science from Lycée Abdllah Chafchaouni and ISTA, I have acquired a strong foundation in programming principles. I have gained practical experience through a 3-month internship at Lanatech Consulting, where I honed my skills in front-end development. Currently, I am working as a front-end developer at Adelphatech, where I specialize in React with TypeScript, JavaScript, HTML, Bootstrap, and SQL. I am also proficient in Java and hold an Excel Certification from Microsoft via Credly. I thrive in collaborative environments and possess a keen eye for detail, ensuring the delivery of high-quality code and user-friendly interfaces. As a driven individual, I continuously seek opportunities to enhance my skills and stay updated with the latest industry trends.
